WHERE WE STAND

With the election of Governor Jeff Landry and a supportive legislature, Louisiana is positioned for historic reform that will benefit families, educators, and homeowners across the state. Americans for Prosperity - Louisiana proudly supports the upcoming constitutional amendment on March 29th, which focuses on three transformative changes:

- 1. Lowering Income Taxes:** This amendment will reduce the maximum state income tax rate, leaving more money in the hands of hardworking Louisianans and fostering a stronger, more competitive economy.
- 2. Permanent Teacher Pay Raises:** By codifying permanent pay increases for teachers, this amendment ensures our educators receive the support they need, helping us attract and retain high-quality teachers to improve outcomes for students.
- 3. Strengthening The Homestead Exemption:** This amendment codifies critical property tax relief protections for homeowners, providing stability and economic security for Louisiana families.

This constitutional amendment offers a rare opportunity to advance transformative reforms that reflect the values and priorities of our state. AFP - LA stands behind this amendment because it empowers families, supports our educators, and ensures homeowners can thrive.
